A B O U T U S

Our firm was founded under the name of Nur Plastik Profil in Kartal in 1994. The firm took a prominent place in plastic profile industry by the contributions of its well-informed and experienced staff in a short time period. The company moved to its new-built factory by growing capacity in Kurtköy-İstanbul in 1997.

Our trading title was changed and registered as Nurmag Plastik.San.Tic.Ltd.Şti. in 2008 . Thanks to our great experience we are able to design and produce our own moulds for tailor-made profile demands .Nurmag has reached more than 2000 kinds of plastic extrusion profiles so far.

With the increasing demand of Polyamide (PA66GF25) insulation barriers, we established new Polyamide barrier facilities adjacent to our Pvc Factory in Kurtköy-İstanbul .Thereby ,we expanded our product range by manufacturing of high quality level Polyamide insulation profiles.Our main priority is to achieve the best thermal performances for aluminium doors,windows and façade systems.

It has always been honor to be involved in exclusive architectural systems of leading aluminium companies. Nurmag Plastik has adopted a customer oriented service concept and has gained its customers' appreciations by being committed to on-time delivery services and consistent quality level since 1994 .

HAKKIMIZDA

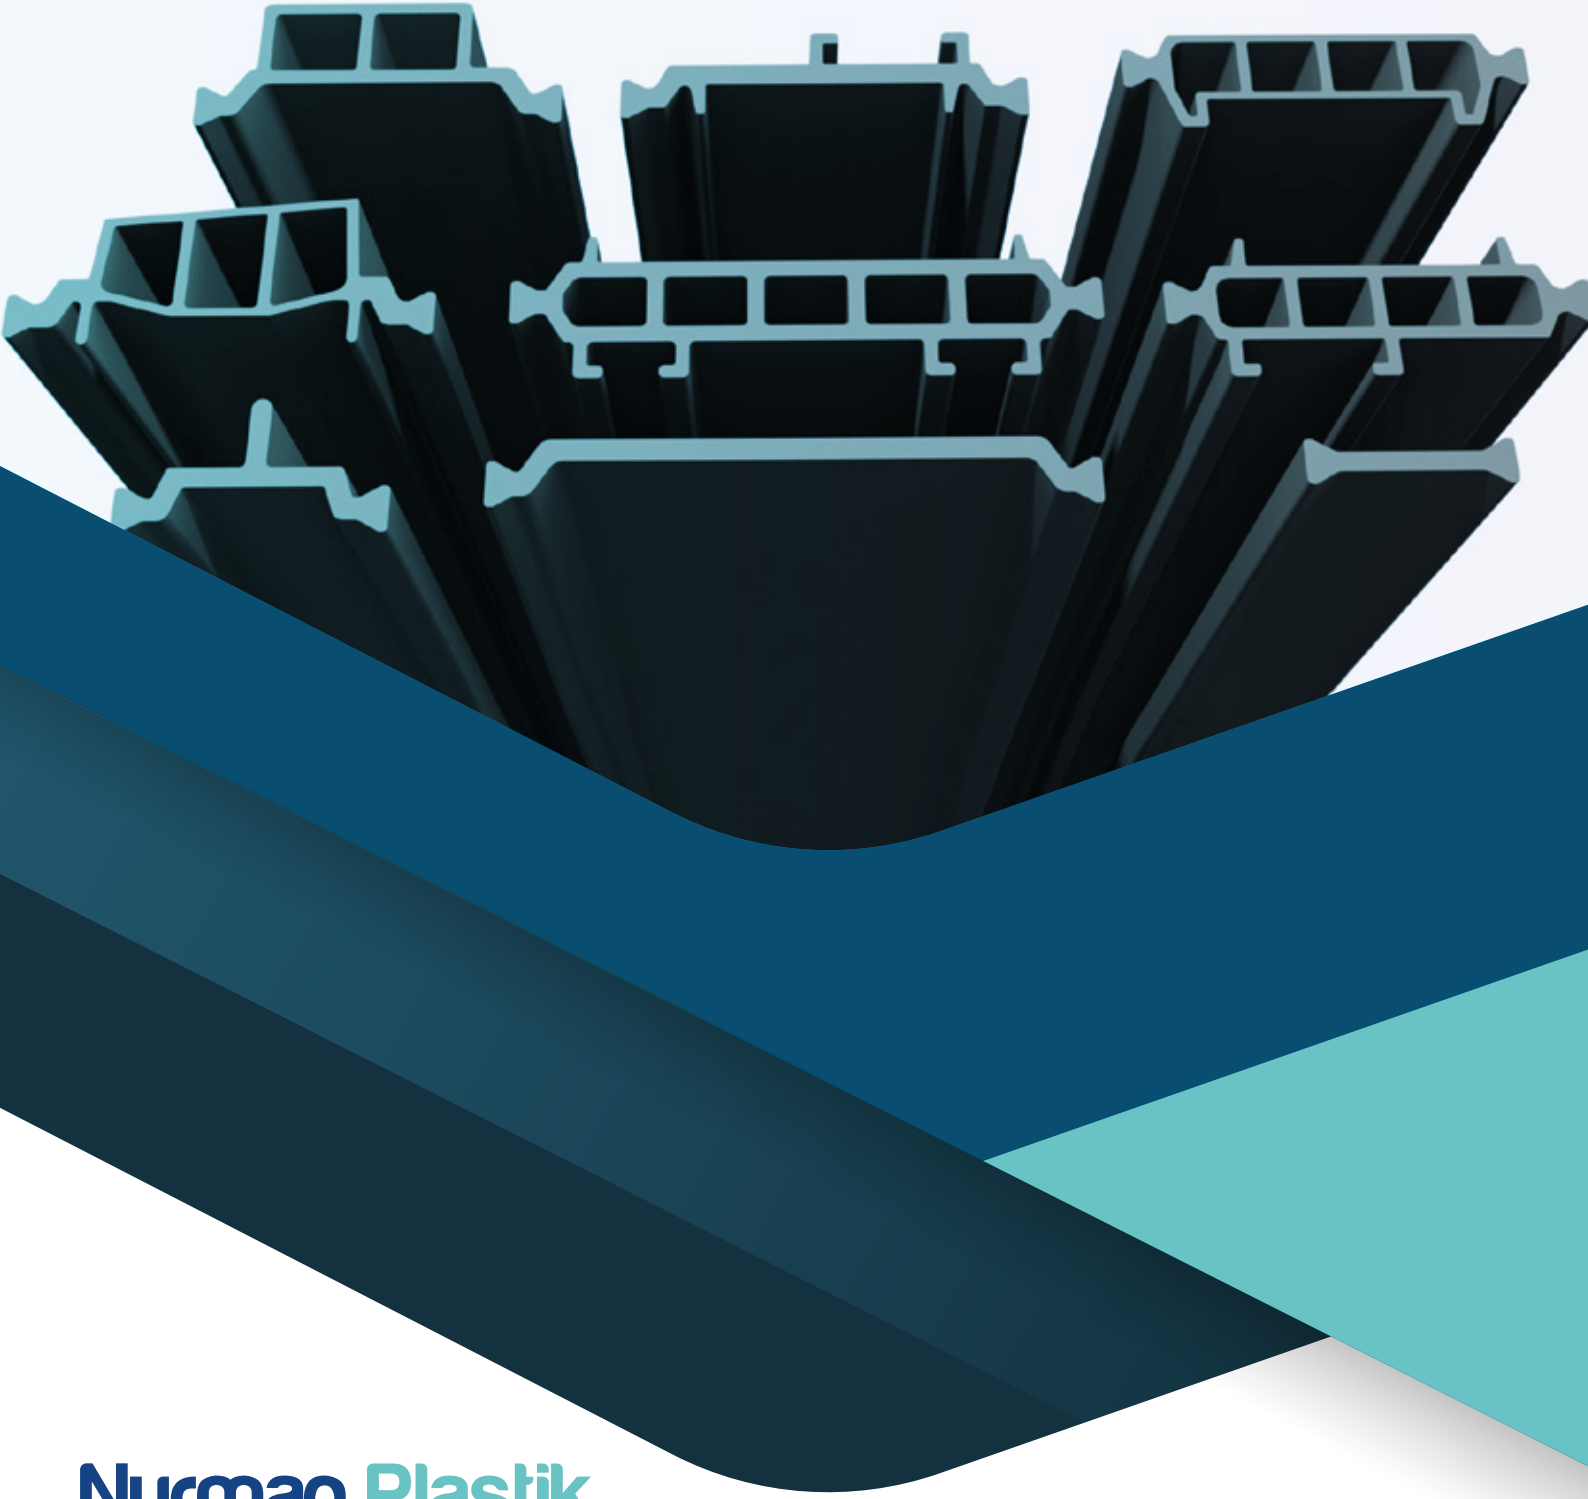

Firmamız 1994 yılında Nur Plastik Profil adı altında 1 adet pvc ekstrüder ile faaliyetlerine başlamış ve kısa süre içerisinde bünyesinde bulundurduğu ekstrüzyon alanında deneyimli ve uzman personeliyle sektörde hak ettiği yeri almış olup artan talebi karşılamak amacıyla 1997 yılında Pendik-Kurtköyde kendi üretim tesisine taşınmıştır .

Ticari ünvanımız 2008 yılında Nurmag Plastik San.Ti.c.Ltd.Şti olarak tescil ettirilmiştir.

Nurmag Plastik olarak Alüminyum sistemlerinde kullanılan standart profiller ile birlikte Alüminyum kapı, pencere ve dış cephe sistemlerinin gereksinimi olan talebe özel Pvc profil kalıplarını kendi bünyemizdeki kalıphanemizde en hızlı sürede imal ederek 2000 farklı kalıp sayısına ulaştık .

Firmamız artan talep ile birlikte Kurtköyde bulunan PVC tesisimize bitişik konumda Poli amit ısı yalıtım bariyeri tesisi kurmuş ve alüminyum sektörüne yönelik ürün çeşitliliğini bu alanda genişletmiştir.Sektörün standartlarına uygun yüksek kalite Poli amit ısı yalıtım bariyeri üretimimiz ile yurt içi ve yurt dışındaki alüminyum sektörünün önde gelen firmalarının sistemlerinde yer almanın haklı gururunu yaşamaktayız.

Kuruluşumuzdan bu yana müşteri odaklı bir hizmet anlayışı benimsenmiş olup istikrarlı kalite anlayışı ve zamanında teslimat ilkesine verdiğimiz önemle plastik ekstrüzyon alanında alüminyum sektörünün önde gelen çözüm ortağı olmayı sürdürmekteyiz.
